HOUSTON OPERATING COMPANY, INC.

Financial Statements
For the Three Month Period Ended September 30, 2004
(Unaudited)

REPORT ON REVIEW BY INDEPENDENT CERTIFIED PUBLIC ACCOUNTANT

To the Board of Directors
Houston Operating Company, Inc.

We have reviewed the accompanying balance sheet of Houston Operating Company, Inc. as of September 30, 2004 and the related statements of operations for the three month and nine month period ended September 30, 2004 and 2003, and the cash flows for the nine months ended September 30, 2004 and 2003 included in the accompanying Securities and Exchange Commission Form 10-QSB for the period ended September 30, 2004. These financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards in the United States of America and standards of PCAOB, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2, conditions exist which raise substantial doubt about the Company's ability to continue as a going concern unless it is able to generate sufficient cash flows to meet its obligations and sustain its operations. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

We have previously audited, in accordance with auditing standards generally accepted in the United States of America, the balance sheet as of December 31, 2003, and the related statements of operations, stockholders' equity and cash flows for the year then ended (not presented herein). In our report dated March 18, 2004, we expressed an unqualified opinion on those financial statements. In our opinion, the information set forth in the accompanying balance sheet as of September 30, 2004 is fairly stated in all material respects in relation to the balance sheet from which it has been derived.

HOUSTON OPERATING COMPANY, INC.
NOTES TO FINANCIAL STATEMENTS

1. PRESENTATION OF INTERIM INFORMATION

In the opinion of the management of Houston Operating Company, Inc., the accompanying unaudited financial statements include all normal adjustments considered necessary to present fairly the financial position as of September 30, 2004, and the results of operations for the three month and nine months ended September 30, 2004 and 2003, and cash flows for the nine months ended September 30, 2004 and 2003. Interim results are not necessarily indicative of results for a full year.

The financial statements and notes are presented as permitted by Form 10-QSB, and do not contain certain information included in the Company's audited financial statements and notes for the fiscal year ended December 31, 2003.

2. GOING CONCERN

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States, which contemplates continuation of the Company as a going concern. The Company's operations generated no income during the current period ended and the Company's deficit is \$86,716.

The future success of the Company is likely dependent on its ability to attain additional capital to develop its proposed products and ultimately, upon its ability to attain future profitable operations. There can be no assurance that the Company will be successful in obtaining such financing, or that it will attain positive cash flow from operations.

Item 2. MANagements Discussion and Analysis or Plan of Operations Preliminary
Note Regarding Forward-Looking Statements

Statements contained in this Plan of Operation of this Quarterly Report on Form 10-QSB include "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 as amended (the "Securities Act") and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Forward-looking statements involve known and unknown risks, uncertainties and other factors which could cause the actual results of the Company (sometimes referred to as "we", "us" or the "Company"), performance (financial or operating) or achievements expressed or implied by such forward-looking statements not to occur or be realized. Such forward-looking statements generally are based upon the Company's best estimates of future results, general merger and acquisition activity in the marketplace, performance or achievement, based upon current conditions and the most recent results of operations. Forward-looking statements may be identified by the use of forward-looking terminology such as "may," "will," "project," "expect," "believe," "estimate," "anticipate," "intends," "continue", "potential," "opportunity" or similar terms, variations of those terms or the negative of those terms or other variations of those terms or comparable words or expressions. (See the Company's Form 10SB for a description of certain of the known risks and uncertainties of the Company.)

RESULTS OF OPERATION FOR THE QUARTER ENDED SEPTEMBER
30, 2004 COMPARED TO QUARTER ENDED SEPTEMBER 30, 2003.

The Company had no revenues or operations for the three month period in 2004 or 2003. The Company incurred \$(669) in general and administrative expenses in the quarter ended September 30, 2004 and \$5,224 in the same period in 2003. The net loss for the three month period was \$16 in 2004 and \$(5,224) in 2003.

LIQUIDITY AND CAPITAL RESOURCES

The Company does not have capital sufficient to meet the Company's cash needs, including the costs of compliance with the continuing reporting requirements of the Securities and Exchange Act of 1934. The Company will have to seek loans or equity placements to cover such cash needs. In the event the Company is able to complete a business combination during this period, lack of its existing capital may be a sufficient impediment to prevent it from accomplishing the goal of completing a business combination. There is no assurance, however, that without funds it will ultimately allow registrant to complete a business combination. Once a business combination is completed, the Company's needs for additional financing are likely to increase substantially.

Irrespective of whether the Company's cash assets prove to be inadequate to meet the Company's operational needs, the Company might seek to compensate providers of services by issuances of stock in lieu of cash.

ITEM 3. CONTROLS AND PROCEDURES.

The Company has disclosure controls and procedures (as defined in Rules 13a-14 and 15d-14 under the Securities Exchange Act of 1934, as amended) to ensure that material information contained in its filings with the Securities and Exchange Commission is recorded, processed, summarized and reported on a timely and accurate basis. Based on such evaluation as of September 30, 2004, the Company's principal executive officer and principal financial officer have concluded that the Company's disclosure controls and procedures are effective at ensuring that material information is recorded, processed, summarized and reported on a timely and accurate basis in the Company's filings with the Securities and Exchange Commission. Since such evaluation there have not been any significant changes in the Company's internal controls, or in other factors that could significantly affect these controls
