HOUSTON OPERATING COMPANY, INC. NOTES TO FINANCIAL STATEMENTS

Note 1. Presentation of Interim Information

In the opinion of the management of Houston Operating Company, Inc., the accompanying unaudited financial statements include all normal adjustments considered necessary to present fairly the financial position as of March 31, 2001, and the results of operations for the three months ended March 31, 2001 and cash flows for the three months ended March 31, 2001. Interim results are not necessarily indicative of results for a full year.

The financial statements and notes are presented as permitted by Form 10-Q, and do not contain certain information which would be included in the Company's audited financial statements and notes .

The Company had no revenues or operations for the period in 2001 or 2000. The Company incurred \$29 in miscellaneous expenses in the quarter in 2001 and no expenses in the quarter in 2000. The net loss for the quarter was (\$29) in 2001 and \$0 in 2000. Loss per share was nominal in 2001 and none in 2000 for the quarter.

LIQUIDITY AND CAPITAL RESOURCES

The Company does not have capital sufficient to meet the Company's cash needs, including the costs of compliance with the continuing reporting requirements of the Securities and Exchange Act of 1934. The Company will have to seek loans or equity placements to cover such cash needs. In the event the Company isable to complete a business combination during this period, lack of its existing capital may be a sufficient impediment to prevent it from accomplishing the goal of completing a business combination. There is no assurance, however, that without funds it will ultimately allow registrant to complete a business combination. Once a business combination is completed, the Company's needs for additional financing are likely to increase substantially.

Irrespective of whether the Company's cash assets prove to be inadequate to meet the Company's operational needs, the Company might seek to compensate providers of services by issuances of stock in lieu of cash.
