WITH RESPECT TO ITS FORM 10-Q FOR THE  
QUARTERLY PERIOD ENDED SEPTEMBER 30, 2024

The Registrant estimates that its results of operations for the three and nine months ended September 30, 2024, as reflected in its consolidated statements of operations to be included in its Form 10-Q for the quarterly period ended September 30, 2024, will reflect the following changes:

For the three months ended September 30, 2024, the Registrant expects to report a decrease in revenues to approximately \$1.9 million from approximately \$2.6 million for the three months ended September 30, 2023. This decrease was primarily attributable to the divestiture of the Lori Goldstein Brand, partially offset by increased licensing revenues from other brands.

For the three months ended September 30, 2024, the Registrant expects to report a net loss attributable to stockholders of approximately \$(9.2 million), compared to a net loss attributable to stockholders of approximately \$(5.1 million) for the three months ended September 30, 2023. Net loss includes a \$6.25 million change in contingent obligation related to equity method investee. The contingent obligation can be settled with the equity of the investee. Also, for the three months ended September 30, 2024, the Registrant expects to report a net loss per share - basic and diluted - of approximately \$(0.39) compared to net loss per share – basic and diluted - of \$(0.26) for the three months ended September 30, 2023.

For the nine months ended September 30, 2024, the Registrant expects to report a decrease in revenues to approximately \$7.1million from approximately \$15.5 million for the nine months ended September 30, 2023. This decline was primarily attributable to the \$7.90 million decrease in net product sales from the prior year, due to the exit from our wholesale apparel and fine jewelry sales operations and outsourcing of our Longaberger business as part of the restructuring and transformation of our business operating model in 2023.

For the nine months ended September 30, 2024, the Registrant expects to report a net loss attributable to stockholders of approximately \$(15.3 million), compared to a net loss attributable to stockholders of approximately \$(14.3 million) for the nine months ended September 30, 2023, and as previously mentioned includes \$6.25 million change in contingent obligation related to equity method investee. Also, for the nine months ended September 30, 2024, the Registrant expects to report a net loss per share - basic and diluted - of approximately \$(0.68) compared to net loss per share – basic and diluted - of \$(0.72) for the nine months ended September 30, 2023.
